

Billy's Diary – April, 10 1955

Me and Granpa went to the Meat Shack for some tasty rare shack meat. Uncle Fred-something and his weird buddy Ram were ther too.

A bunch a dirty jugheads started punching me and granpa. I had to teach 'em fear for fear of my life! Next time time I'll kill those jerkheads!

Then Unkle sherrif whatshisname arrested us after them damn beatniks punched me and grandpa out.

They runned us all to jail and put us to work, then some monster like out of the comic bokks popped out of the celler. Buggy dead guys were everywhere.

I showed Granpop my awesome tossing arm and blew up monsters left and right. I was so mad I could feel the power burning in my head.

Then Granpa gave me a gun and I shot the guts out of a pile of monsters.

A big ugly bug monster attacked us but Granpa used his science and I blasted him too. Uncle Frank finished him off I think.

Then some jerks showed up and blabbered away with the grown-ups but I got free ice cream. I think Professor Dad's beams are doing something to me..

I can't wait to tell all the kids tomorrow!
