SKULL-LANTH UPDATE

001-1111

ROBOTIC IMPROVEMENTS INCREASE FACTORY OUTPUT

The installation of robotic equipment has significantly improved the out-put of the electronics factories across the planet. The increase in out-put should significantly improve the current accounts situation and allow an increase in food imports.

NO PROGRESS IN RIGELLIAN FEVER OUTBREAK IN DOME 32

The quarantine continues in Dome-City 32. The train network continues to remain sealed in transit through the contaminated city. It has been positively proven that the Rigellian fever does not come from contact with our recent wave of immigrants from Victoria. The joint declaration of the Dome Elders has strongly condemned any ethnic violence against the immigrant community.

DELGADO TRADING SKULL PROFITS SHOW LARGE QUARTERLY DROP

The balance sheet for Delgado Trading, our Mega-corporation trade partner, has fallen dramatically this past quarter. Delgado has cited a spree of unexpected cancellations by Skull electronics suppliers, but the newly formed "Planetary Unity" block of the Council of Elders has dismissed this as corporate propaganda masking a series of bad marketing decisions by Delgado officials.
