Log:

June 12th - 18th, CY 577

The Heroes of One-Thousand Bones travel to Admundfort.

June 19th - 25th

In Admundfort, the party spends a week shopping, training, and recruiting, knowing that they are pushing into the furthest dungeons of Petestone Keep.

June 26th - July 3rd

The Heroes of One-Thousand Bones travel back to Petestone Barony.

July 4th

Their numbers bolstered with new recruits, the heroes are ambushed by giants and giant-kin on their way to the keep. The giants are all guided by the curse of Tharizdun that threatens to

destroy the party eventually. Despite a number of losses of newer henchmen, the giants are dealt with. The group decides to take another day before re-entering the keep.

July 5th

The Heroes of One-Thousand Bones face off against the might of the Avatar of Tharizdun. Many henchmen die, but that is a price the heroes are willing to pay to recover a fortune in treasures.

July 6th - July 13th

The party returns to Admundfort to sell all of the treasure recovered from the accursed avatar of Tharizdun.

July 15th - July 22nd

The party makes their way back to Petestone barony.

Epilog:

The heroes defeat the source of the curse that threatens to doom them. The Doom Clock stays locked at eleven.

DOOM CLOCK: 11

The heroes make a new friend. Wise Pendleton may be recruited as a follower with a simple successful CHA check.
